(54) Title: GLARE HOOD FOR ASSEMBLY ON A FREELY SET UP DISPLAY

(57) Abstract: A glare hood for assembly on a freely set up display, for instance a display of a photo and/or video camera, wherein the glare hood (1) is at least partly manufactured from flexible material which, in a condition in which the glare hood (1) is assembled to the display (2), applies a clamping force to the display (2). The invention further provides a blank of a glare hood (1). In addition, the invention provides a method for fitting a glare hood on a display, wherein the glare hood (1) is detachably clamped on the display (2) while deforming a part of the glare hood (1).
